

**Technical Data Sheet****Dynameco Operator Device (DOD)****Technical Data**

Length:	200 mm without screw attachment for cable
Width:	80 mm
Depth:	78 mm
Housing material:	ABS (plastic)
Weight:	0.5 kg
Protection mode:	IP 54
Operating-temperature range:	-10 °C to +60 °C
Connector type:	cable tail (length: approx. 150 cm); colour-coded wires; 6.3 x 0.8 flat-pin plugs / receptacles

**Electrical Data**

Operating-voltage range:	12 V +/- 20 % DC or 24 V +/- 20 % DC
Current consumption:	
Ready for operation:	max. 0.05 A
Released:	max. 0.1 A

**Additional Functions on the B Version**

Operating output:	floating normally-open contact max. 30 V /1A
Alarm output:	floating normally-open contact max. 30 V /1A
External Manual Release input:	max. 30 V / 0.01 A min. 50 ms
Connector type:	circular connector (max. 1 mm <sup>2</sup> )
