Scantronic

8-24 hybrid zone, Grade 2 intruder alarm panel:
Scantronic 9751

COOPER Safety

Flexible installation
8 wired zones out of the box, expandable up to 24 zones hardwired and radio to enable you to fit peripherals wirelessly where required, without disruption to décor

World class radio performance
Scantronic 868MHz narrow band radio, dual diversity receiver gives excellent range for easy installation

Wide range of applications
When expanded with RFX8 or RFX16, utilises 700r radio peripherals to meet most security requirements including intruder, personal attack and fire

Great features
9751EN-43 comes with a prox keypad as standard for easy setting and unsetting

Product Compatibility

| Model	Description
09751EN-41	Panel complete with 09941EN LCD non prox keypad
09751EN-43	Panel complete with 09943EN LCD prox keypad
PD6662:2004 Compliance	Grade 2, Environmental class 2
Zones	8 fully programmable, expandable to 24
Panel	09751EN-41 blank end station control panel and 09941EN LCD keypad without prox or 09751EN-43 blank end station control panel and 09443EN LCD keypad with prox
Keypads	Accepts up to 4 x 09941EN or 09943EN remote keypads (in any combination)
Proximity reader	The 09943EN keypad contains a proximity reader as standard
